Here is a copy of the new e bike law that takes effect on July 1.

I believe there was an indication that the council wanted to share this with the Board of Ed to help educate students

In short, the law changes how certain e-bikes are classified and regulated. A low-speed electric bike is generally a two-wheeled bike with pedals where the motor assists only while the rider is pedaling and stops assisting once the bike reaches 20mph. A motorized bike is broader and includes certain throttle-capable or higher-speed pedal-assist bikes, generally up to 28mph. An electric motorized bike means any two-wheeled bike with pedals and an electric motor capable of greater than 750 watts that can reach speeds greater than 28mph.

E-bikes will now generally be subject to age, licensing, registration, insurance, and helmet requirements. Riders must be at least 15, and must also possess either a valid driver's license, motorized bicycle/e-bike license, or permit. The e-bike must also be registered and insured. Helmets are also mandatory for all ages.

New E-bike Requirements Effective July 2026

E-bike Definitions

A low-speed electric bicycle (e-bike) is a two-wheeled bicycle with pedals where the motor assists only while pedaling and ceases to provide assistance when the bicycle reaches the speed of 20 miles per hour.

A motorized bicycle (moped) is a pedal bicycle that is throttle-capable of assisted speeds up to 28 miles per hour.

E-bike Requirements

- Minimum age - 15 years old.
- Possess a valid driver license or e-bike license or e-bike permit.
- e-bikes must be registered and insured.
- A helmet is mandatory for all e-bike riders, regardless of age.

E-bike License

- You must be at least 15 years old.
- Schedule an appointment for an e-bike permit.
- Pass the Knowledge and Vision Tests to validate your permit.
- Schedule a Road Test.
- Practice operating the e-bike, unsupervised and during daylight hours, for 45 days.
- Upon passing your Road Test, obtain your e-bike license at an NJMVC Licensing Center.

E-bike Registration

- Obtain e-bike insurance.
- Schedule a registration appointment.
- Provide ID and show valid proof of ownership or affidavit of ownership.
- Provide a Manufacturer's Certificate of Origin (MCO)
- If an MCO, bill of sale or formal proof of ownership is **not** available, the Motor Vehicle Commission may accept an affidavit from the current owner. The affidavit sets forth with reasonable specificity the acquisition of ownership of the e-bike, together with any supporting documents, as proof of ownership of the e-bike.
- Obtain registration.

Dear Chief Henkelman, Beauty and Intashan,

I am writing to request permission for BRAKING AIDS® Ride to travel through Englewood Cliffs on Sunday, October 4, 2026 from approximately 10:45 am to 3:00 pm.

BRAKING AIDS® Ride is a two-day, charity bicycle ride from Philadelphia to New York City. Approximately 75 bicyclists will each raise at least \$3,000 to benefit Housing Works, a major AIDS service organization dedicated to ending the dual crisis of homelessness and AIDS.

This ride is a chance for everyone – not just athletes – to make an extraordinary difference. The event is a spectacular ride with people of all ages, shapes, and sizes bicycling at their own pace.

- This ride is not a race; riders will ride at their own pace.
- Riders will follow the rules of the road at all times.
- We are not requesting for any roads to be closed.

BRAKING AIDS® Ride is fully insured for property damage and general liability. If required, we will provide a certificate of insurance with your establishment named as additionally insured.

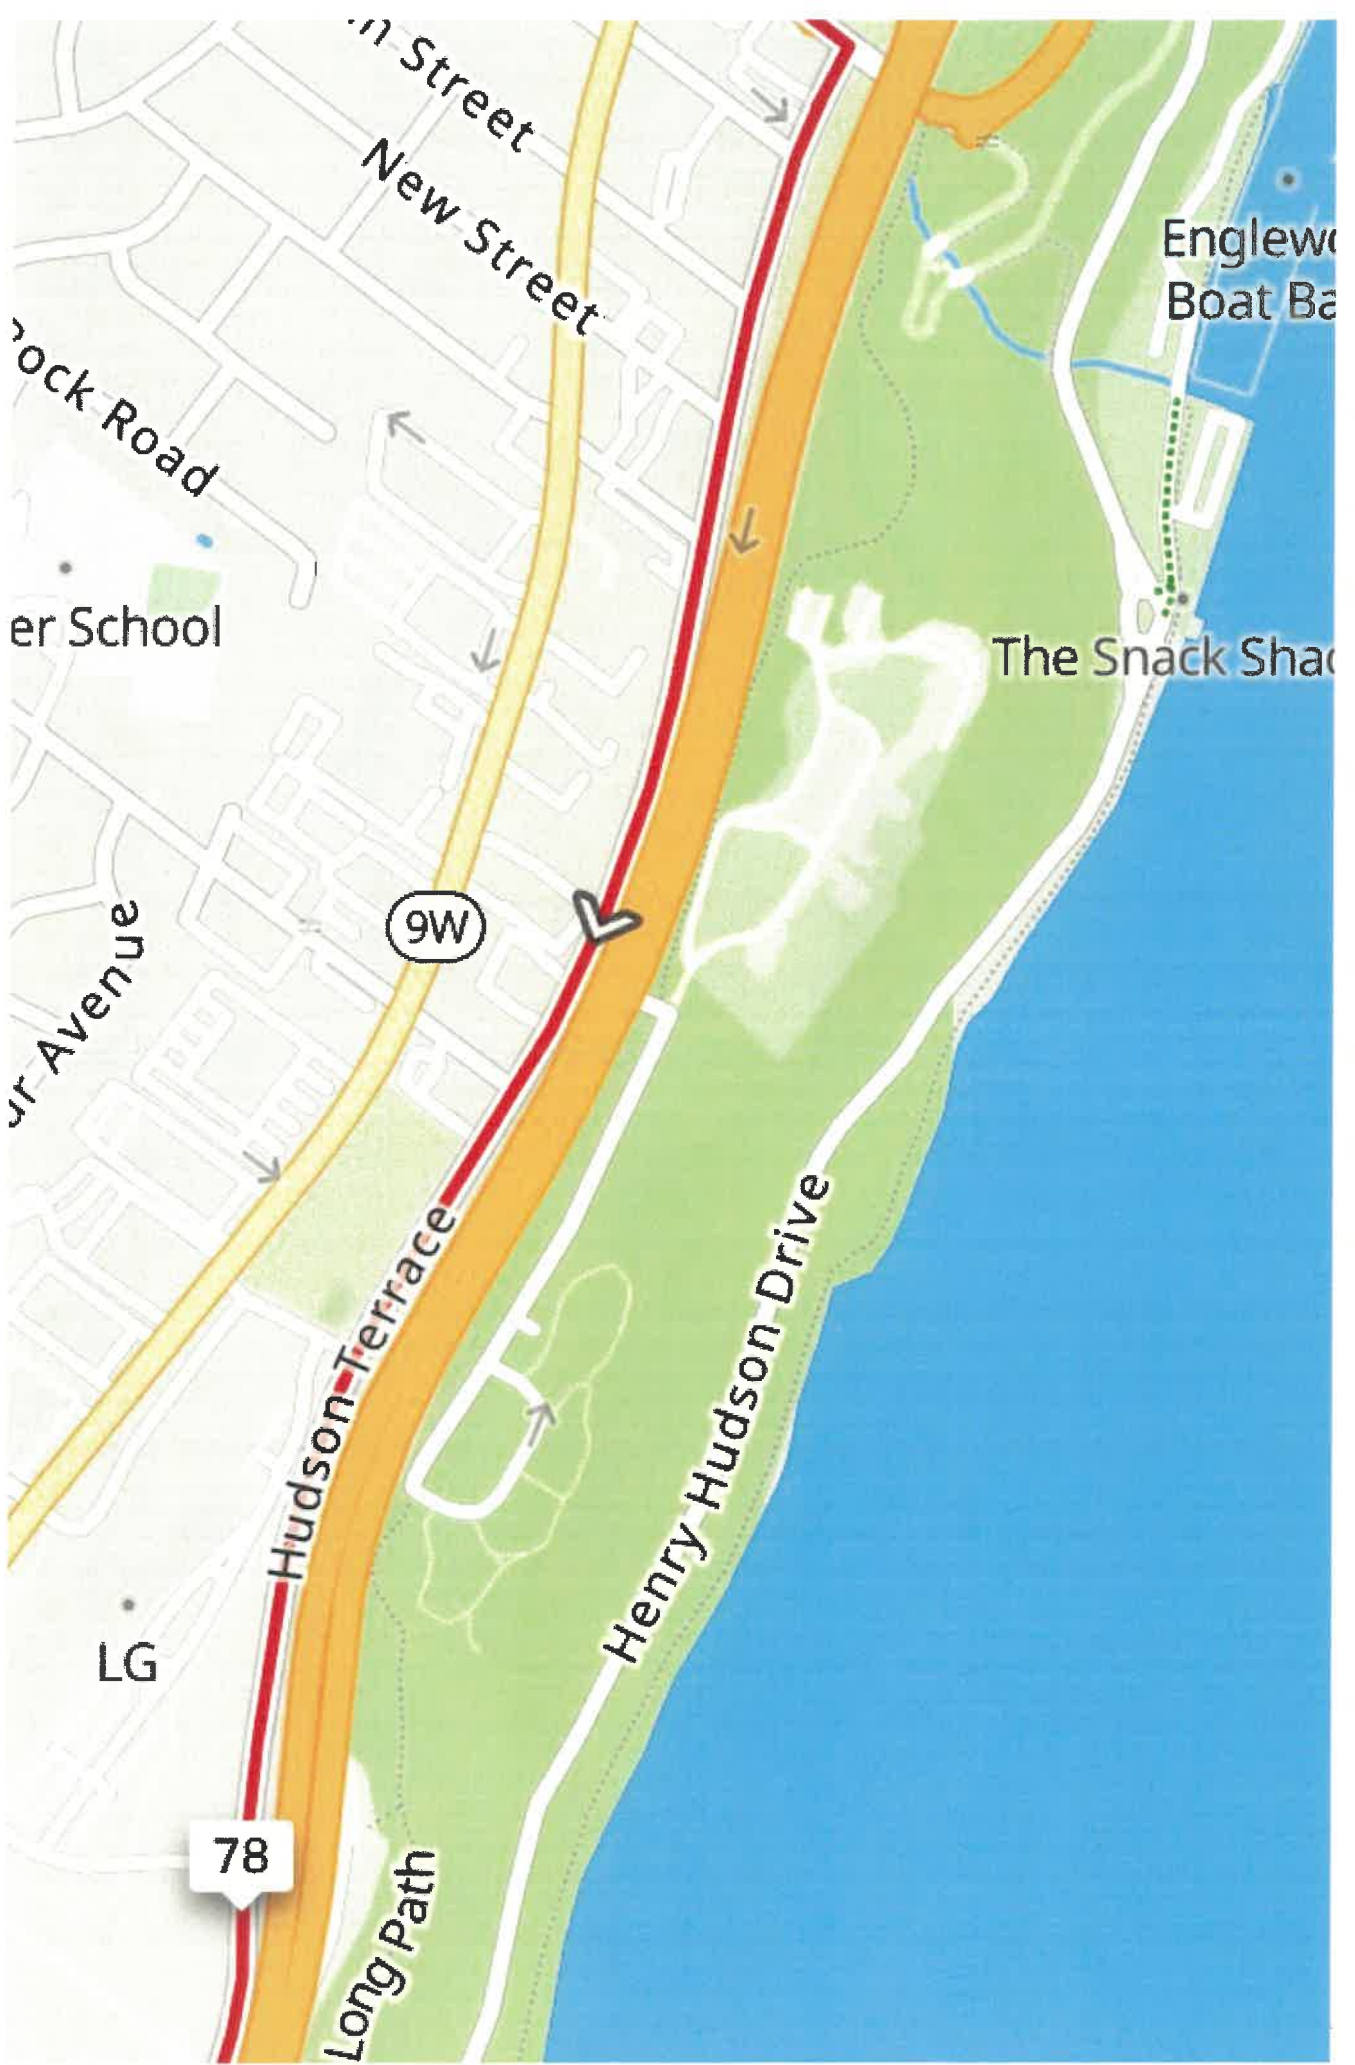

To provide you with more information regarding our route through your community, enclosed are the route cues and route map describing the details of our proposed route. If all looks good, kindly fill out and return the attached Notification and Approval form for our files.

If you have any questions, please feel free to contact me to discuss this request. I look forward to hearing from you.

Best,
Eric

Hello Daniel and Stephanie,

I hope this email finds you well.

Best Buddies are back with their bike run on October 3, 2026
Same as last year, riders will embark from Central Park in NYC and cross the George Washington Bridge to continue north along the Hudson River Valley to Bear Mountain State Park. From the summit, riders will roll through Harriman State Park and continue west to finish at the Glenmore Mansion in the Ramapo Mountains.

The bike run is dedicated to supporting people with intellectual and developmental disabilities.

There will be around 300 rides, a couple of SAG vehicles, and a neutral support mechanical van.

Part of the route is planned to go through Englewood Cliffs, and we would love to get it permitted. We don't require any street closures.

I have attached site plans to give you an idea.

<https://ridewithgps.com/events/436705-best-buddies-challenge-new-york-2026>

We need to get the confirmation from the relevant municipal and/or county authorities that have jurisdiction over the location of the activity. Can we please get the letter of endorsement from you?

I look forward to hearing from you.

Best,
Ekaterina

PROCLAMATION

Proclamation

(Monarch Butterfly Conservation Awareness)

Whereas, the Monarch butterfly is an iconic and ecologically significant species known for its extraordinary annual migration across North America; and

Whereas, monarch populations have experienced significant declines in recent decades due to habitat loss, climate change, pesticide use, and reduction in milkweed, the sole host plant for monarch caterpillars; and

Whereas, the Borough of Englewood Cliffs recognizes the importance of pollinators, including monarch butterflies, to maintaining biodiversity, supporting ecosystems, and contributing to agricultural productivity; and

Whereas, local governments play a vital role in protecting and restoring pollinator habitats through community engagement, education, and environmentally responsible practices; and

Whereas, Englewood Cliffs is committed to environmental stewardship and sustainable practices that enhance quality of life for residents while preserving natural resources for future generations; and

Whereas, through participation in the 2026 Monarch Pledge, the Borough seeks to advance conservation efforts by promoting the planting of native species, including milkweed and nectar plants, and encouraging pollinator-friendly landscaping practices; and

Whereas, increasing public awareness and fostering community involvement are essential to reversing the decline of monarch populations and ensuring the long-term viability of this species;

NOW, THEREFORE, BE IT PROCLAIMED, that the Mayor and Council of the Borough of Englewood Cliffs hereby recognize and support Monarch Butterfly Conservation Awareness and reaffirm the Borough's commitment to protecting and restoring monarch habitats; and

BE IT FURTHER PROCLAIMED, that residents, businesses, and community organizations are encouraged to participate in conservation efforts by planting native pollinator gardens, reducing pesticide use, and supporting initiatives that promote ecological sustainability; and

BE IT FURTHER PROCLAIMED that Englewood Cliffs will continue to explore and implement policies and practices that contribute to the preservation of monarch butterflies and pollinator species as part of its broader environmental and sustainability goals.

In Witness Whereof, I have set my hand and the seal of the Office of the Mayor on this day 13th day of May in the Year of Two Thousand-Twenty-Six.

**RE: Construction Inspection & Management Services for Phase 0 and
Phase 1 Sanitary Sewer Repair Project
Borough of Englewood Cliffs
Bergen County, New Jersey
Our File No. ECNJ-26-0255**

Dear Mr. Chowdhury:

In accordance with your request, this letter shall serve as our proposal for providing the construction inspection and management services for the above referenced project.

The following is an outline of the scope of the work, scope of our professional services and the estimated fee for our construction inspection and management services.

SCOPE OF WORK

The scope of the project consists of sanitary sewer repairs in areas identified in Phase 0 and Phase 1 of the Sanitary Sewer Repair Project, as specified in the project plans prepared by Gilmore Associates. The scope also includes reviewing the Boswell smoke testing report and the associated project plans, identifying any gaps in the repair areas specified in the report, and developing a strategy to address those gaps.

SCOPE OF PROFESSIONAL SERVICES

Fastech Consulting Engineers will perform the following scope of services:

1. Coordinate and attend a pre-construction meeting with appropriate Borough officials, utility companies and other parties affected by the construction activities
2. Send notices to homeowners and businesses
3. Provide construction inspection services during the construction phase
4. Review contractor's invoices and approve vouchers
5. Make final inspection of the project improvements and create any final punch list if required
6. Final project Closeout

FEE PROPOSAL

Fastech Consulting Engineers will perform the services outlined in the proposal for an estimated total fee of:

Not to exceed \$107,120.00

Construction Inspection & Management phase

\$107,120.00

The billing will be based on our hourly rate in effect at the time the work is performed.

ITEMS NOT INCLUDED IN THE ENGINEERING FEE

The following items are not anticipated to be required and are therefore excluded:

1. Soil Erosion and Sediment Control Plan Certification
2. Permit Fees
3. New Jersey Department of Environmental Protection Permits
4. Right-of-way and/or Easement Plans or Descriptions
5. Structural Plans (Including Retaining Walls)

Additional work above and beyond what is outlined in the proposal will be performed as authorized by the Borough and will be billed at the hourly rate schedule in file with the Borough.

Thank you for the opportunity to submit this proposal. We look forward to providing the Borough of Englewood Cliffs with our engineering services and to the successful completion of this project. Should you have any questions or require additional information, please do not hesitate to contact me.

Very truly yours,

Farah Gilani

Proposal to Borough of Englewood Cliffs

May 6, 2026

Borough of Englewood Cliffs
Attn: Intashan Chowdhury, Borough Administrator

Re: *Expert Witness for Selling/Holding Cell Tower at 10, Kahn Terrace*

I understand that you are seeking to hire an Expert Witness to advise the Borough of Englewood Cliffs regarding the matter of selling or holding onto a cell tower located at 10 Kahn Terrace. I have extensive experience as an expert witness on matters related to advanced wireless technologies and cellular networks, including representing companies such as Apple, Google, Samsung, etc. in various patent litigation proceedings. Over the last 30 years, I have also been researching next generation wireless technologies and teaching wireless courses at Rutgers University-New Brunswick on the topic of wireless networks, including cellular and cell tower economics. I have attached my academic CV for your consideration. Based on my conversation with Mr. Chowdhury, I am willing to provide my expertise to the Borough of Englewood Cliffs for the period beginning May 13, 2026 through August 31, 2026. My services will include review/analysis of relevant materials, and interviews with appropriate borough officials who are involved in the processes related to the auction of the cell tower site as well as financial planning, culminating in my expert opinion on the decision that the borough ought to take in this matter. My opinion is *nonbinding* and I will not be legally (or otherwise) responsible for any short term or long term (financial or otherwise) outcomes that any final decision that the Borough of Englewood Cliffs takes in this matter.

The cost for the above proposal for the period from May 13, 2026 to August 31, 2026 is as shown below. I have used the rate of \$7000 per 30 day month.

Number of days = 111	Rate= \$7000 per 30 day month	Cost = 25,900
Total Cost = 25,900		

Sincerely,

Narayan B. Mandayam

RE: PROPOSAL FOR THE COMPLETION OF THE COMMUNITY ENERGY PLAN FOR ENGLEWOOD CLIFFS, NJ

Email submission

Dear Mr. Chowdhury,

T&M Associates is pleased to submit this proposal for Professional Services for the preparation of a Community Energy Plan for the Borough of Englewood Cliffs, funded through a \$10,000 grant from the New Jersey Board of Public Utilities (BPU). The project will be led by Dan Hauben, PP, AICP, Planning Group Manager at T&M. Dan has prepared multiple Community Energy Plans, including the first plan adopted through this BPU grant program, completed for the Borough of Prospect Park. He will be supported by Gail Lalla, who brings expertise in energy and sustainability, and hands-on experience preparing Community Energy Plans.

Together, Dan and Gail have prepared Community Energy Plans for the following communities:

- Borough of Prospect Park (Passaic County)
- City of Union City (Hudson County)
- City of Garfield (Bergen County)
- City of Plainfield (Union County)
- City of Perth Amboy (Middlesex County)

Dan and Gail are also currently preparing Community Energy Plans for two additional communities awarded grants during the prior grant year.

SCOPE OF SERVICES

T&M will prepare a Community Energy Plan consisting of up to twelve (12) energy initiatives for adoption by Englewood Cliffs' Borough Council. The initiatives will be selected from a list of more than 40 options developed by Sustainable Jersey, in collaboration with a working group of Borough representatives. We recommend that the Borough's working group include representatives from the Administration, at least one elected official, and members of the Borough's Environmental Commission and Green Team.

Selection will be based on the Borough's energy needs and goals, as well as an analysis of energy demand and consumption data provided by Sustainable Jersey. T&M understands that the Borough's priorities include initiatives that reduce overall energy consumption and emissions; identifying local renewable energy projects; and enhancing community resilience through measures such as backup power solutions. The Borough also seeks to expand community participation in energy planning; and increase public awareness of energy efficiency, renewable energy opportunities and state-supported programs available to residents and businesses. These efforts will help Englewood Cliffs leverage state resources to promote long-term sustainability, strengthen local energy systems and deliver economic benefits to the community.

In addition to preparing the Community Energy Plan, T&M's scope of work includes a stakeholder engagement presentation at one (1) regularly scheduled governing body meeting, unless an alternative meeting forum is provided by the client. This meeting will introduce the purpose and value of the Community Energy Plan to residents, local energy

stakeholders, and the governing body, and will provide an opportunity to incorporate stakeholder feedback into the final deliverable. It will also satisfy the Community Energy Plan grant program stakeholder engagement requirement.

The proposed deliverables will be completed as required by the NJ BPU grant guidelines.

CLIENT RESPONSIBILITIES

In order for T&M to complete the Community Energy Plan within the \$10,000 grant budget, it is anticipated that the Client will be responsible for the following tasks and deliverables:

- Initiate the Workplan Template: identify staff and departments responsible for implementing selected actions, known obstacles to implementation, and known community stakeholders;
- Secure venues for presentations and outreach events;
- Provide energy bills for municipal properties for the previous 13 months;
- Provide additional data or documentation of municipal energy use relevant to the plan preparation;
- Provide documentation and information about relevant municipal energy initiatives to date; and
- Provide financial reporting to the BPU.

PROJECT TIMELINE

The following deadlines must be met according to the CEPG grant requirements:

- Within three (3) months of the grant award date, meet with and provide a budget plan to Sustainable Jersey;
- Within six (6) months of the grant award date, the municipality must complete the Workplan Template;
- Within eight (8) months of the grant award date, the municipality must conduct a minimum of one additional public meeting to engage the community in the creation of the Community Energy Plan; and
- Within twelve (12) months of the grant award date, the municipality must finalize the Community Energy Plan through formal adoption by the municipal governing body via municipal resolution and submit a copy of the completed Plan to the BPU.

MEETINGS

- One (1) kick-off meeting with Borough representatives and Sustainable Jersey to review energy data and proposed initiatives to be included in the CEP;
- One (1) stakeholder engagement presentation to take place at a Governing Body meeting or alternative forum;
- One (1) presentation of the CEP to the Governing Body for adoption;
- Four (4) check-in and planning meetings with the client to review project progress and coordinate meetings and presentations.

DELIVERABLES

The following deliverables will be compiled by T&M staff with the assistance of the Borough:

- Complete the Community Energy Workplan Template;
- Complete a final Community Energy Plan utilizing the Community Energy Data and Workplan based on the Sustainable Jersey model "Gotham City;"
- Assist the Borough with the Community Energy Plan Grant reporting requirements, attend virtual meetings, and provide routine updates to the Borough administration and the NJ BPU, as needed.

OPTIONAL DELIVERABLES

- Prepare a solar and battery storage preliminary feasibility study to determine the best sites for installation, in lieu of six (6) of the twelve (12) initiative write ups included in the base proposal.

EXCLUSIONS

T&M can only guarantee the inclusion of up to twelve (12) initiatives in the Community Energy Plan with the \$10,000 grant. Additional initiatives, and any additional tasks listed below, will require a separate or amended agreement for supplemental funds:

- Feasibility studies, site surveys, engineering plans, or other plans or analyses, except as provided for under Optional Deliverables, earlier in this proposal;
- Environmental or electrical systems assessments;
- Grant financial reporting and budget submissions to the BPU;
- Public notice, flyers, or other materials or processes to raise public awareness of the CEP process or meetings;
- Creation, distribution, or analysis of public surveys;
- Applications for grants to implement initiatives in the CEP; and
- Other tasks, deliverables, or projects not identified in this scope of work.

FEES

We are prepared to proceed upon your authorization and propose a lump-sum fee of \$10,000, to be invoiced monthly. Should you have any questions, please do not hesitate to contact me at 973.859.5313 or via email at DHauben@tandmassociates.com.

Very truly yours,
